

tricot silk

TEXTILE
WALLCOVERING

WIDTH 43" (109 cm)

CONTENTS 100% silk

RECYCLED CONTENT 12.3% post-consumer recycled content by weight (polyester backing)

CERTIFIED WOOD FSC certified (wood pulp backing)

RAPIDLY RENEWABLE MATERIALS Silk

BACKING Paper (70% wood pulp, 30% polyester)

FINISH Lurotex® Protector (helps prevent oil or water-based splashes from penetrating and staining the material)

PATTERN MATCH Non-reverse hang unless otherwise noted on the roll, 8.4" (21.5 cm) vertical repeat, straight across match

FIRE TEST ASTM E-84 Tunnel Test: Class A, flame spread 5, smoke developed 10 (test procedure is comparable to NFPA 255 and UL 723)

LIGHTFASTNESS ISO 105-B, method 1, Heraeus original Hanau Xenotest 150S, minimum 5 on the standard blue scale

SPECIAL NOTE The 100% silk designs are hand woven from homespun and hand dyed silk. As such, there may be stronger impurities and irregularities in color and texture within the roll and between the different rolls even if from one lot. This, together with the horizontal weave, will create a pleasant paneling effect on the wall. These variations are characteristic of these natural fabrics and enhance the nature of the fabric and cannot be considered a fault. There can be a variation between the sample material and the delivered product.

Please note that this material is not returnable.

ADDITIONAL PRODUCT ATTRIBUTES

Biodegradable

All dyeing, printing, laminating, finishing, etc., is totally water based

WARRANTY Manufacturer warrants that for a period of five years from the delivery of its wallcovering, products shall not separate from their backings when properly installed on a sound interior wall, adequately maintained and used under normal conditions
